April 25, 2017

Dear Parents/Guardians of Juniors,

The Ohio Department of Health requires that all students entering the 12<sup>th</sup> grade for the 2017-18 school year must have **2 Meningococcal vaccines**. Therefore, your current eleventh grader will need to show written proof of having received at least one of these vaccines **prior to entering 12<sup>th</sup> grade**. *If the first dose is administered on or after the 16th birthday, only one dose is required.*

As a convenience, Carroll County Health Department will be at Conotton Valley High School **Thursday May 11th at 7:15am** to offer the Meningitis to our 11th Grade students. The cost is \$21.00 per vaccine or if you bring your insurance card, they will be glad to bill your insurance. ***Parents must be present with the student.*** If you have any questions concerning billing, please call Carroll County Health Department at 330-627-4866. We ask that you ***RSVP by Tuesday May 2, 2017.***

If you choose not to participate in the walk-in clinic, please make arrangements with your physician or the health department to have these required vaccines completed. Once your child has received the vaccines, please forward the documentation to the school.

Once your child reaches the age of 19, the cost of the Meningococcal vaccine will go up to \$134.00.

Please check with your healthcare provider soon to avoid the back to school rush.

If you have any questions, please feel free to call the school.

Sincerely,

Drew Meister, Principal

Jill Putnam RN, School Nurse
